Vauxhall Lifetime Warranty

We're so confident in Vauxhall quality and reliability that we are now able to offer a lifetime warranty. Available to the first owner of all new Vauxhall passenger cars, it's valid for the lifetime of the vehicle up to a maximum of 100,000 miles†. In addition, our warranty also includes Vauxhall Assistance for 12 months from first registration and six years body panel anti-perforation warranty. Full details of Vauxhall's warranties including terms, conditions and exclusions can be obtained through any authorised Vauxhall retailer or go to: www.vauxhall.co.uk/warranty

LIFETIME
WARRANTY 100,000 MILE

When you have finished with this brochure please recycle it

*The free 3 Day Test Drive programme is open to Company Car Drivers and excludes fuel and lubricants; congestion charges; parking and speeding fines and the £250 insurance excess (if applicable). It features a wide selection of models from the Vauxhall range (excluding all VXR models and Commercial Vehicles and subject to availability). Drivers must be aged 25 years or over; have held a full driving licence for at least a year and hold a major credit card. You will need to have your driving licence (and proof of identity (i.e. passport) where the driving licence is not a photocard licence) when your car is delivered. While every effort will be made to ensure that at least 3 days are provided for the test drive, this cannot always be guaranteed due to delivery and collection dates and timings. Available for UK Mainland only. Terms and conditions apply. **Telephone lines open Monday-Friday 9.00am to 5.00pm excluding Bank Holidays. Calls may be recorded or monitored for quality and/or training purposes.

†Vauxhall Lifetime Warranty covers lifetime ownership of first car owner, 100,000 mile limit, annual check required. The warranty excludes wear and tear and serviceable items and the vehicle must be serviced in accordance with the manufacturer's servicing schedule to continue the lifetime warranty. Terms and conditions apply. Offer available to all Vauxhall passenger cars (this offer does not apply to car-derived vans) from 1st August 2010.

ALL ABOUT

ADAM.

ADAM & YOU

You're one of a kind and so is ADAM. What makes this car so different? It's not just the bold stance and raucous colours. It's you. You make ADAM what it is. You have the freedom to change almost every detail. To style your car until you have exactly what you want.

Buying an ADAM is an inspirational experience. To start you off, our designers have put together three versions of ADAM: JAM, GLAM and SLAM each with their very own identity. After choosing one of these you can change a whole stack of details and make your mark all over your car.

We've only shown a fraction of what's possible here. Your next step is online where you can see the whole picture and use the configurator to tweak your virtual ADAM to perfection. Just log on to www.vauxhalladam.co.uk and be creative! Then why not share your ADAM with your friends on Facebook?

Leading the way. These aren't boy's toys. They're game changers.

1. A high waiting to happen. With its vivid colours and sporty steering wheel, just taking your seat is a buzz.
2. Light show. Rear LEDs make a powerful finish.
3. Sporty ADAM SLAM seats. These seats have a simple message: Get in and get going.
4. Sports pedals. Specify this option and even your feet will have something to look spectacular on.
5/6. Alloy wheels. 17-inch Manooagian Hurricane alloys are fitted as standard (5). But why not move up to the monster 18-inch Silver Turbine design (6)* to really set off those 'down the road' graphics.

ADAM SLAM EXTREME

Create a real stir.

The ADAM SLAM Extreme Pack* has the stand-out styling to turn heads and keep them turned. Red 'n' Roll model featured includes:

- Roof, bonnet and lower doors get the full sports treatment with racing stripes
- 18-inch Technical Grey Twister alloy wheels with l'll be Black clips and a set of 4 Red 'n' Roll clips

DRIVE BOLD.

Three ADAMs, three engines, countless possibilities. ADAM is anything but heavy, so all our engines are light on their feet – and your pocket. The sportiest option is the 100PS 1.4i 16v. The most economical choice is the 1.2i 16v. Whichever you go for you can get it with Start/Stop technology that saves more fuel by switching the engine off when you stop in traffic.

The figures for fuel consumption and CO₂ emissions do not relate to a specific vehicle and are not part of an offer. They are provided only for the purpose of comparison between different vehicle variants. All information was accurate and up to date at the time of going to press (February 2013). The company reserves the right to alter engine specifications at any time, which may influence the content of the shown data. Please consult your Vauxhall retailer for the latest information. All figures quoted relate to the EU base model with standard equipment. Fuel consumption data and CO₂ emission data are determined according to regulation R (EC) No. 715/2007 (in the version respectively applicable), taking into consideration the vehicle weight in running order, as specified by the regulation. Additional equipment may lead to slightly higher results than the stated consumption and CO₂ figures. **Please note: Optional 18-inch wheels could lead to an increase in fuel consumption and emissions.** For further details, please refer to the ADAM Price and Specification Guide, available to download from www.vauxhalladam.co.uk

And if you like cutting down on emissions, consumption and costs, you'll be rewarded with a clearer conscience and zero road tax for the first year too. If you're a creature of the city then you'll also love City Mode, which lightens the steering for parking with ease. While, should a more difficult situation arise, the ever present Electronic Stability Programme will be there to reduce the possibility of losing control. And your cool.

A DIFFERENT KIND OF DIFFERENT.

Ever driven a car where the night sky was on the inside of the roof? Or a chess board? Or cotton-wool clouds floating in a blue summer sky? Now's your chance! Believe it or not, ADAM lets you pick the décor over your head with what we call a printed or illuminated headliner. You can redesign the dashboard too, with a choice of 18 different colours and textures for the fascia panel décor inserts, some of which extend to the centre console and door panel inserts too.

HEADLINERS

- A. Stars – illuminated
- B. Go – printed
- C. Sky – printed or printed and illuminated (printed shown)
- D. Fly – printed

LIGHT PACK

The Interior Light Pack lets you experiment with the ambient lighting in your car. You can switch between eight different colours and, of course, when the colour of the cabin lighting changes so does the effect it has on the trim. For a better idea of how it works, make a date with your local Vauxhall retailer and see how customised car design has come of age with options where you didn't even know options could be.

STYLISTS WANTED.

18 dashboard colours and 15 seat trims sound like a lot but a little ADAM magic actually gives you five times that number. How? By adding Interior Leather Packs* that change the colour of the steering wheel, handbrake and gear knob. You can also opt for floor mats to match or a range of rear-view mirror covers in graphic or coloured styles*.

ADAM GLAM model illustrated features Cocoa Bristol cloth/Morrocana, Cocoa Interior Leather Pack, IntelliLink infotainment system, Pearl White fascia, door panel and centre console inserts, sports pedals, Winter Pack, Sight and Light Pack, black velour floor mats and brilliant paint, all optional at extra cost.

EYE CANDY.

The optional Sight and Light Pack covers three clever features that take the strain off your eyes and a load off your mind: The electro-chromatic rear-view mirror, automatic lighting control and the rain sensor. The electro-chromatic mirror cuts down the glare from cars behind you at night by automatically adjusting the amount of light it reflects. The automatic lighting control turns your headlights on automatically in low light situations and off when light levels improve and the rain sensor detects rain and turns on your windscreen wipers automatically – so you don't have to!

WE'RE ON YOUR SIDE.

APA comes with another clever safety option - Side Blind Spot Detection (SBSD). It's basically an intelligent door mirror that flashes a clear warning should another car potentially be in a blind spot. So if you're about to change lanes toward another vehicle, it warns you with an acoustic alarm. SBSD works up to 87mph (where permitted).

INNER SPACE.

When it comes to the question of storage, ADAM has all the right answers. With clever spaces, pockets and drawers to stash anything you want, keeping the inside of your car tidy and looking the way you intended.

Put frost back in its box with the ADAM Winter Pack. It heats the front seats or steering wheel or door mirrors – or all three. You control the whole system with simple switches on the dash.

LOCAL WARMING.

PARK & RIDE.

If you like sitting back while other people do the work, you're going to love the Advanced Park Assist (APA) option. First of all, it lets you know when you drive by a suitable parking space. Then it manoeuvres the car into the space at exactly the right angle. You can actually take your hands off the wheel and watch your car steer itself. You do have to work the pedals and gears but the system tells you how far forwards and backwards to go. The graphics appear on a clear and simple display, which makes them easy to see – and the whole system easy to use.

PARK & PLAY.

ADAM offers a whole stack of high tech options that make driving simpler, safer and more comfortable – plus they help free up your time. Like Flex-Fix® and Advanced Park Assist. One helps you park your bike on the back bumper, the other helps you park your car without bumping the back.

SAFE & SOUND.

You're in safe hands with ADAM. Every version comes with ABS, ESP and six airbags as standard. And there's the option of an alarm system should your car attract the wrong kind of attention.

OUTER SPACE.

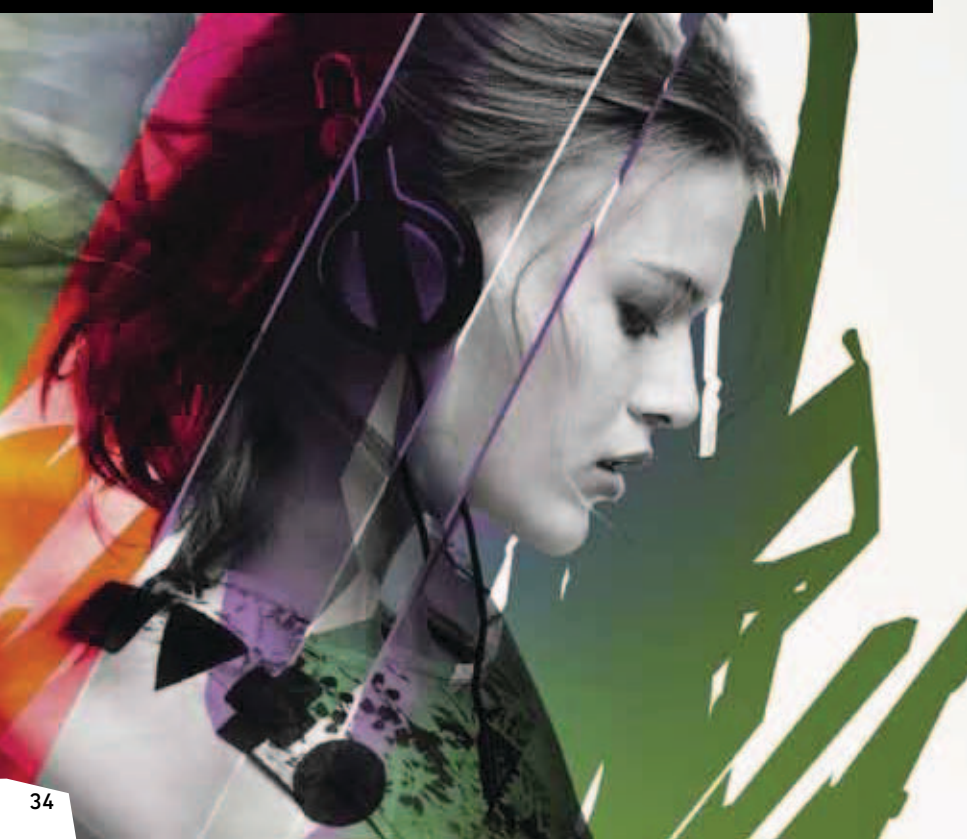

Slide your Flex-Fix® bike carrier out of the bumper to mount your bike on the back of the car. When you're done, simply slide it back in. When it's not in use you'd never know it was there. To mount two bikes at once, add the accessory Flex-Fix® extension.

ADAM GLAM illustrated features Men in Brown Roof Colour Pack, Twisted Brown Pack, Flex-Fix® and A Star is Brown brilliant paint, all optional at extra cost. Additional bike carrier extension is available as an accessory at extra cost. The Flex-Fix® option is not available in conjunction with the optional VXR Styling Pack or space-saver wheel and tyre.

BRING IT ON.

Every ADAM comes with the latest in-car infotainment systems such as DMB digital radio and Bluetooth® connectivity as standard. You can even fit your ADAM with the latest technology; optional IntelliLink, a smart all-in-one infotainment system with a big, 7-inch colour display. IntelliLink not only looks great but is extra easy to use directly via the touch-screen or steering wheel controls whilst compatible iPhones can use 'Siri Eyes Free' voice activation. And if you really want to pump up the volume add the optional Infinity premium speaker system.

1. IntelliLink audio system with 7-inch touch-screen.

Designed to work without a CD player, IntelliLink supports portable Bluetooth® and USB audio devices, so not only can you make calls while on the move but you can hook up your smartphones or tablets to access your own music, videos², slideshows², podcasts and more. The built-in smartphone link also works with popular apps including BringGo portable navigation system and internet radio apps Stitcher® and TuneIn.

2. IntelliLink – BringGo.

BringGo is a mobile app that combines with the IntelliLink display to give you fully functional satellite navigation without spending big on a conventional sat nav system. You just download the BringGo app to your smartphone or tablet³, connect to the display via USB or Bluetooth®, and BringGo beams your maps and routes to the big screen. Of course, it'll guide you turn-by-turn to your destination just like a regular sat nav.

3. IntelliLink – Stitcher® and TuneIn⁴.

Stitcher® automatically streams the latest episodes of your favourite podcasts and talk-radio, news, comedy, music and sports shows to your smartphone or tablet, and lets you 'stitch' them together to create your own customised shows. TuneIn lets you access any of over 70,000 online radio stations and browse by music genre or content. It'll also play on-demand podcasts, concerts and interviews.

4. CD-based audio system with Bluetooth®.

The standard audio system features an MP3/WMA-compatible CD player, DMB digital radio, AM/FM stereo radio, RDS with Traffic Programme and steering wheel mounted audio controls. Sound-wise there's 20 watts per channel output from five speakers combined with speed-dependent volume control. It also comes with Bluetooth®, USB and aux-in as standard too.

IntelliLink – Siri Eyes Free.

Play a song, make a call or send a text – with your eyes on the road and your hands on the steering wheel. Siri Eyes Free – the intelligent personal assistant from Apple will be integrated in ADAM making your ride more fun and safe. Using a button on the ADAM steering wheel, i-Phone 5 owners can ask Siri to call people, play music and compose text messages, dictate e-mails, hear new notifications, get directions, add reminders and much more. And with the ADAM FlexDock® cradle you have your Apple iPhone front and centre and can use Siri Eyes to voice control turn-by-turn navigation on Apple Maps and ask "Are we there yet?" Thanks Siri.

Sound this out⁶.

The Infinity badge guarantees top-notch audio reproduction. Immerse yourself in near perfect 7-channel sound, powered by a 7 x 45-watt amplifier and a boot-mounted subwoofer. The satellite speakers are mounted at different heights on the doors and pillars to ensure your music comes through loud and clear.

FlexDock⁷.

The intelligent accessory for accessing your smartphone in the car and keeping it safe, within easy reach and clearly visible on the dash. The FlexDock[®] mount lets you make or take calls and stream your media to the audio unit. It recharges the battery, too.

¹The majority of phones, MP3 players and tablets can be connected by either Bluetooth[®], USB connection or aux-in. Please note you may need to change your connection method (i.e. from Bluetooth[®] to USB cable) if you want to access another function on your device. Certain operations with certain devices may require special leads. Certain iOS and Android devices are the only ones compatible with BringGo, Tuneln or Stitcher[®] apps. ²Video clips and slideshows will not display while the car is moving. ³BringGo is subject to a subscription fee and is available on certain devices only. Please consult your service provider or mobile phone manufacturer for more information on the accessibility and subscription fee associated with this service. ⁴You may incur additional costs from your operator for these services and as such we recommend that you check the data costs on your tariff. ⁵Siri is available in Beta only on iPhone 4S/5, iPad (3rd/4th generations), iPad mini and iPod touch (4th generation) and requires Internet access. Cellular data charges may apply. Siri may not be available in all languages or in all areas, and features may vary by area. ⁶The Infinity speaker system is optional at extra cost, but is not available with the space-saver spare wheel/tyre. Flex-Fix[®] bike carrier or storage organiser options. ⁷Available as an accessory at extra cost for iPhone 3/3G/3GS/4/4S and certain other smartphones. Please consult your retailer for the latest compatibility information. iPhones are automatically connected through the cradle itself. Other smartphones utilise the USB connection on the FlexDock[®] baseplate (USB cable not supplied).

Privacy shades. Your ADAM is going to attract a lot of attention. These chic shades cover the rear or side windows – and make sure your passengers only get seen by the people you want.

Windscreen protector. Save on scraping in winter and keep your car cool in summer. Fold the protector up and it fits in the glove box.

Outdoor cover. You can't show it off all the time! If you're away for a long period, it's worth keeping your car under wraps with a smart, ADAM-branded, all-weather cover.

Luggage net. Stop bottles and balls rolling around in the boot.

ACCESSORISE ALL AREAS.

Opportunities to customise your ADAM don't stop with colours, wheels, trims and the rest. There are far too many accessories and packs to list them all here, but you'll find the whole range online at www.vauxhall.co.uk/accessories. We've picked out a few highlights to give you an idea...

Stylish valve caps. You've ordered your alloys with the clips to match. Now take your look to the next level with some stand-out valve decoration. Available Summer 2013.

If you want to change the look of your ADAM after you get it, the different dashboards, grille bars, mirror caps and décor foil packages are also available separately as accessories. Use the online configurator to check out the full range of choices.

Thule Roof Attachments. The roof base carrier provides the perfect platform for the high-quality range of Thule roof attachments. Easy to install and secured by lockable caps. Choices include:

- Bicycle carriers
- Roof boxes
- Kayak carrier
- Ski/Snowboard carriers
- Multi-purpose holder

Hard cargo tray. Protect the inside of the boot from scratches or spills and sharp or scruffy stuff.

Centre console organisers. Add one of these and take care of those loose items.

Mudflaps. Easy to clean, Vauxhall mudflaps are designed to help protect the vehicle's bodywork, whilst aiding visibility for following vehicles by reducing spray in wet weather conditions.
