KAROQ – GO YOUR OWN WAY

Introducing the KAROQ.

Ready to take whatever path lies ahead of you, the KAROQ is a stylish compact SUV with a big sense of adventure.

The surprisingly spacious interior offers ample room, whilst the latest connected features and inventive design touches keep everyone occupied.

BRING THE KAROQ TO LIFE

On-road or off-road, family adventure or private escape, watch how the KAROQ lets you forge your own path at: skoda.co.uk/karoq

BEAUTY IN STRENGTH

From every angle, the KAROQ's refined exterior styling leaves a powerful impression. Its sharply sculptured lines create a distinctive silhouette, complemented by ŠKODA's signature crystalline influences.

DYNAMIC FRONT DESIGN

The front view of the KAROQ is characterised by the sharply cut headlights and integrated fog lamps.

PANORAMIC SUNROOF

This electrically adjustable panoramic sunroof provides extra sunlight and fresh air at the simple touch of a button. Only available in combination with 4x4 engines.

LED REAR LIGHTS

Designed to be seen in every sense, the KAROQ's LED rear lights feature ŠKODA's distinctive C-shape crystalline style with their prominent and eye-catching finish.

HOME FROM HOME

From ambient lighting to heated seating, the KAROQ's premium interior features a host of intelligent elements that make you feel instantly at home.

VIRTUAL COCKPIT

10.25" digital display which replaces the traditional instrument dials and can be customised with 5 views (Classic, Basic, Extended, Modern and Sports).

INTERIOR LIGHT PACK

Selecting the KAROQ's LED ambient lighting is anything but a black and white decision. From the understated to the brilliantly bold, 10 colour options are available.

ELECTRIC SEAT

Upon entering the car the driver's electric seat with memory function recognises the vehicle key used and automatically adjusts to your preferred seating position.

CANTON SOUND SYSTEM

Premium German sound engineering, tailor-made to your KAROQ. The CANTON Sound System delivers powerful clarity from 10 speakers around the car.

CONNECTIVITY TO GO WHEREVER YOU GO

By enabling you to be fully online on the move, the KAROQ helps you stay connected wherever your adventure takes you. Thanks to its smart assistance systems, you'll also know the best places to park, shortcuts to take and routes to avoid.

SMARTLINK+

SmartLink+ enables you to connect your smartphone through the infotainment system with Apple CarPlay™ and Android Auto™ as standard across the range.

NAVIGATION SYSTEM

The Columbus satellite navigation with 9.2" touchscreen display and integrated Wi-Fi will get you from A to B, but why stop there? With its Bluetooth® and Wi-Fi capability, it offers more connectivity on-the-go.

EMERGENCY CALL

Activated by pressing a red button placed in the roof headlining, Emergency Call provides immediate contact with the emergency services. In the event of a crash, the call is made automatically to ensure you get the help you need.

STAY CONNECTED

The new ŠKODA Connect system turns the KAROQ into a fully interconnected car. Infotainment Online provides satellite navigation, traffic reports and calendar updates. The system also offers convenient gesture control to

make navigating menus and lists easier while on the move. With Proactive Services the car will contact your ŠKODA Retailer to arrange a service.

AHEAD OF THE PACK

The KAROQ continues the ŠKODA tradition of providing vast space and versatility. For those looking to pack even more into their adventure, simply take advantage of the VarioFlex seating system and remove the rear seats to create even more space.

HIGHLY ACCOMMODATING

Maximising space has always been ŠKODA's way. It's why the car's flexible rear seats can be configured to your precise journey requirements, while the cleverly designed storage compartments and adaptable boot space ensures everything you need is always close at hand.

JUMBO BOX

Featuring reversible cup holders, the Jumbo Box will also store your gadgets, house keys and cards.

UNIBAG

Designed for transporting skis or a snowboard, the Unibag fits perfectly in the rear of the KAROQ when the middle seat backrest is folded down. Best of all, two rear passengers can still relax in total comfort.

SPACIOUS STORAGE

Several spacious storage compartments have been included in the interior. Some are also air-conditioned, making it perfect for storing chilled refreshments.

FOLDABLE TABLES

Built into the backrests of both front seats, the foldable tables with drink holders can be used for more than just your refreshments.

ELECTRICALLY OPERATED BOOT

The boot can be opened and closed at will with a quick touch of a button on the remote control or in the driver's door. A button for closing the boot is also located on the boot door itself.

BIG IDEAS COME IN ALL SIZES

While the KAROQ's state-of-the-art features impress at every opportunity, it's often the simplest ideas you'll appreciate the most. Like being able to open the boot by just waving your foot, or finding a hidden ice scraper in the fuel filler cap ready for winter.

ELECTRICALLY FOLDING TOW BAR

Activated by a switch in the boot, the KAROQ's foldable tow bar ensures it is safely hidden when not required.

VIRTUAL PEDAL

On-hand when none of yours are free. Simply use a 'kick motion' underneath the luggage compartment to effortlessly open the boot.

REAR-VIEW CAMERA

Hidden under the boot handle, the rear-view camera makes light work of reverse parking, with an integrated washer to keep obstacles visible.

CHILD SAFETY LOCKS

With a quick push of a button, you'll enjoy the peace of mind that comes from knowing the youngest passengers onboard aren't going anywhere.

ALWAYS ON THE LOOKOUT

It's always helpful to have an extra set of eyes on the road. It's why you'll find a number of smart assistant systems, ready to protect you and your passengers from any unseen dangers.

LANE ASSIST

Helping you stay in the intended lane of travel, Lane Assist uses a camera to detect road markings, and supports steering if you veer too close to the edge.

REAR TRAFFIC ALERT

Included as part of the Blind Spot Detect system, this assistant helps you reverse safely from a parking space when visibility is restricted. It can also activate the brakes automatically if an imminent collision is detected.

ADAPTIVE CRUISE CONTROL

Using a radar on the front grille, this feature keeps you a safe distance from the vehicle in front and enables you to maintain a constant speed without using the pedals.

BLIND SPOT DETECT

An extra set of eyes on the road that monitors the blind spots allowing you to manoeuvre safely.

THE GREAT ESCAPE

Whether heading out on an urban adventure or embracing the extreme, the KAROQ delivers all the performance you need. Simply buckle up your seatbelt, select your driving mode and see where the unknown takes you.

DIRECT SHIFT GEARBOX (DSG)

The seven-speed DSG automatically adapts to your driving style, whilst taking road conditions into account. It reduces the strain on the engine and stress to the driver, by deciding when to change gear, leaving you free to concentrate on the journey.

FOUR-WHEEL DRIVE

The 4x4 system is designed to smoothly distribute the torque between front and rear axles automatically, to help you maintain control and stability.

DRIVE MODE SELECT*

Featuring Normal, Sport and Eco mode, plus Individual mode to truly meet all your needs. All-wheel drive versions also offer an additional Snow and Off-road mode, designed specifically for low-traction conditions.

* Not available in combination with 1.0 TSI 115 PS engines.
Models shown are not UK specification.
Some of the equipment shown is optional.

KAROQ SE

With comfort enhancing features, the KAROQ SE provides the perfect opportunity to escape the norm in total relaxation.

YOUR KAROQ, YOUR WAY

Make all your adventures exciting with the latest tech, and your touring easier and practical with our extensive range of KAROQ accessories.

NEXTBASE 312GW DASH CAM AND GO PACK

Recording in full 1080p HD using a 6G glass lens to provide a wide 140 degree view and amazing image clarity. In-built with Wi-Fi to view your footage on your smartphone.

ROOF BOX AND ROOF BARS

By using the roof box in conjunction with our aluminium roof bars, you solve a common problem when transporting large, awkward objects such as skis, snowboards, pushchairs, golf bags that don't fit into the luggage compartment of a fully seated car. With its spacious 380 litres of volume, it can comfortably carry up to 120 kg in total stability.

BICYCLE CARRIER FOR A TOWBAR

This rack can carry 2 bicycles and is extremely sturdy, easy to fit and easy to use – you simply need to lift the bicycle up a little to secure it in place.

Images are for illustrative purposes only. Please ask your ŠKODA Retailer for further information. All the above accessories can only be added to the vehicle after production at a ŠKODA Retailer and some may include an additional fitting cost.

PROTECTION PACK

A walk in the woods or a day at the beach – it's great for the soul but not your interior. Protect your KAROQ and save money with our Protection Pack. The pack includes front and rear mudflaps, double-sided boot liner and textile or rubber floor mats – all for a special pack price.

MULTIMEDIA HOLDER AND ADAPTER

This clever holder allows tablets between 115 to 195mm to be viewed both vertically and horizontally. It can also be tilted forwards, backwards or sideways by up to 30° and can be rotated 360°, making versatile viewing for your rear passengers.

REAR SEAT PROTECTION AND DOG SAFETY BELT

Forget worrying about the cleanliness of your car, particularly when transporting your pet. This easy-to-clean seat protector is sufficiently sized to cover the back seats. It is waterproof, washable and has an anti-slip treatment for your pet's safety. The safety belt keeps you dogsafe and is available in a variety of sizes.

MUDFLAPS

Mudflaps prevent stones, grit and road spray from ruining your precious bodywork. This custom design is moulded to fit snugly into the contours of the wheel arches.

FLOOR MATS

These quality mats will keep your carpeted floors looking pristine. Thanks to quick release floor poppers, they won't slip around beneath your feet. They come in textile fabric but rubber versions are also available for the more outdoorsy types.

DOUBLE-SIDED BOOT LINER (VARIOFLEX)

No matter how mucky things get, it's good to know that there's a boot liner to match it. This clever liner comes with an all-weather texture on one side with a textile reverse. They're quick to fit and remove, and all come with a 5cm raised edge to keep in dirt and make mucky boots a thing of the past.

JUMP IN THE DRIVING SEAT

With its off-road capability, practical spaces and many inventive design touches, the KAROQ breaks free of the expected at every turn. With our handy online car configurator, you can too.

With a few simple clicks you can quickly add a distinctly personal twist to the way the car looks, feels and performs. Whether you go for cutting-edge tech and all-out luxury, or favour more practical features instead, standing out from the SUV pack couldn't be easier.
