DRIVE BOLD.

Whatever your taste, and whatever size your pocket, there's an ADAM engine for you.
START ME UP. A great place to begin is the economical 1.2i (70PS) engine. Or move up to a sportier option with either 87PS or 100PS from a punchy 1.4i.
WANT MORE? If you want even more oomph, the new three-cylinder, super-efficient 1.0i Turbo should tick all your boxes. At 115PS it has all the power and character of a much bigger engine, yet it's small on fuel consumption with a combined figure up to 57.6mpg, which is pretty thrifty.

ADAM AND ADAM ROCKS PERFORMANCE/FUEL ECONOMY/CO₂/VEHICLE EXCISE DUTY

Engines	Performance*	
	Max. speed (mph)	Acc. 0-62mph (secs)
1.2i (70PS)	103	14.9
1.4i (87PS)	109	12.5
1.4i (87PS) Easytronic	111	13.9
1.4i (100PS)	115	11.5
1.0i Turbo (115PS) S/S ecoTEC	121	9.9
1.4i Turbo (150PS) S/S	130	8.5

For further details, please refer to the ADAM Price and Specification Guide, available to download from vauxhalladam.co.uk
 #Fuel consumption information is official government environmental data, tested in accordance with the relevant EU directive. Official EU-regulated test data is provided for comparison purposes and actual performance will depend on driving style, road conditions and other non-technical factors.

WANT IT ALL? Exclusive to the ADAM S and ADAM ROCKS S models is the 1.4 Turbo engine, the most powerful ADAM engine at 150PS, delivering an impressive 220Nm of torque with a six-speed gearbox. An engine with real attitude.

SAVE YOUR ENERGY. Some engines come with Start/Stop technology, too. This clever system saves fuel by switching the engine off when you stop in traffic, then starting it back up as soon as you put your foot down. All totally smooth and automatic – while saving you money.

TAKE IT EASY. If you fancy a more leisurely life, choose ADAM's Easytronic transmission. It's a five-speed manual gearbox with a fully automatic mode. In manual, you simply push the gear lever forward or back to shift gears up or down – there's no clutch to bother with. And, by nudging the lever to the side you can switch to fully automatic mode and let Easytronic do all the work. Easy life. If you're a creature of the city you'll also love City Mode, a smart feature that lightens the steering to make parking a doddle. And, if a tricky situation arises, the ever-present ESP is there to reduce the possibility of losing control. And you're cool.

ADAM JAM in Red 'n' Roll. Model illustrated features Urban Pack and Brilliant paint, optional at extra cost.

Exterior colours are a big part of your car's personality. And because ADAM stands for self-expression, you get a whole lot of colours to choose from. Whatever ADAM takes your fancy, once you've decided on your body colour, you can create a cool two-tone look with one of three optional Roof Packs (includes matching roof and door mirrors) - in Black Jack, White my Fire or Shades of Grey, ADAM S models have the option of a unique Red 'n' Roll or Let it Blue Roof Pack. There are 12 body paints and countless different colour combinations to choose from. How's that for choice!

Please refer to the latest ADAM Price and Specification Guide, available to download from vauxhall.co.uk for details of colour availability by model and prices

THE ONLY WAY IS UP.

The hill start assist feature automatically stops your ADAM from rolling back as you set off on a steep hill or slope. So you don't have to worry about pulling away safely. This clever little safety feature is standard on all ADAM models.

EYE CANDY.

The optional Sight and Light Pack covers three clever features that take the strain off your eyes and a load off your mind: The electro-chromatic rear-view mirror, automatic lighting control and the rain sensor. The electro-chromatic mirror cuts down the glare from cars behind you at night by automatically adjusting the amount of light it reflects. The automatic lighting control turns your headlights on automatically in low light situations and off when light levels improve and the rain sensor detects rain and turns on your windscreen wipers automatically – so you don't have to!

Put frost back in its box with the ADAM Winter Pack. It heats the front seats or steering wheel or door mirrors – or all three. You control the whole system with simple switches on the dash.

LOCAL WARMING.

SAFE & SOUND.

You're in safe hands with ADAM. Every version comes with ABS, Electronic Stability Programme-plus (ESP-plus) and six airbags as standard. And there's the option of an alarm system should your car attract the wrong kind of attention.

SAFETY FIRST.

If you ever need to park a little faster in those tight spaces, then the optional parking distance sensors can help. Just engage reverse and the bleep will automatically tell you when you get too close to something behind you.

VX_ADAM_24131

TAKE IT DOWN (OR UP) A NOTCH.

Like to take life easy? Choose ADAM's Easytronic transmission. It's a five-speed manual gearbox with a fully automatic mode. Just tap the gear lever up or down to shift gears, no need for a clutch. Or switch to fully automatic mode and let Easytronic do it all. Easy, easy, easy!

STAY IN CONTROL.

Stay legal and stay within the speed limit with cruise control. Standard on all ADAMs it's ideal when negotiating those inevitable roadwork speed restrictions whether you're on the motorway or the sleepy country lanes.

VX_ADAM_23880

ADAM ♥ INNOVATIONS.

ADAM offers a whole stack of high tech features and options that make driving simpler, safer and more comfortable – plus they help free up your time. Like parking sensors and hill start assist. One helps you to park up in a tight space, the other helps you to pull away safely. No worries all round then.

INNER SPACE.

When it comes to the question of storage, ADAM has all the right answers. With clever spaces, pockets and drawers to stash anything you want, whether you're driving or just along for the ride, all designed to keep the inside of your car tidy and looking the way you intended.

VX_ADAM_23871

VX_ADAM_19193

Stream your favourite tunes, connect with friends, find your way to wherever. It's easy to kit out your ADAM with the latest in-car tech to make it all happen.

Sound-wise there's 20 watts per channel output from up to six speakers combined with speed-dependent volume control.

THIS COULD BE THE IDEAL TRAVEL COMPANION

Journeys go faster with great company. It's just a good feeling to have someone with you along the way. Which is why your ADAM SLAM, ADAM S and all ROCKS models* come with Vauxhall OnStar¹, a personal connectivity and service assistant who's always there for you, 24/7, 365 days a year.

At the push of a button, it puts you in touch with someone to help you – could be help to find or unlock your car or immediate help in an emergency – whatever happens, it's there.

Oh yes, and how could we forget it also has a super-handy 4G Wi-Fi Hotspot². Perfect for hooking up to seven devices (I want to be at that party). Isn't this just the kind of mate you'd like on your next road trip? And we guarantee it won't complain about the music you play.

SOS

YOU'RE SAFE.

With OnStar you have emergency assistance at your fingertips, available 24 hours a day, 365 days a year.

- **Automatic Crash Response¹:**
in case of a crash and an airbag deploys, our advisors automatically connect to your car. If needed, they immediately brief the emergency services with key car information and can send them to your exact location.
- **24-Hour Emergency Call Service¹:**
you or a passenger are not feeling well? Push the red SOS button and our advisors make sure to send help right away.
- **Roadside Assistance^{1,3}:**
if you have a flat tyre or a warning light in the dashboard goes on, just contact our advisors and they will send Roadside Assistance to your location, if required. This is even more valuable in areas with weaker mobile phone coverage or if your smartphone has run out of battery.
- **Stolen Vehicle Assistance¹:**
in case your car gets stolen, report it to the police and get a crime reference number. Once the car stops and is turned off, OnStar blocks the ignition so the car can't be restarted again and provides the police with the exact vehicle location to help retrieve your car safely.

*Standard on ADAM SLAM, ADAM S and all ROCKS models, optional at extra cost on all other models. **1** The OnStar services require activation and account with OnStar Europe Ltd. Charges apply after applicable trial period. All services subject to mobile network coverage and availability. The OnStar subscription packages could be different from the services included in the free trial package. Check vauxhall.co.uk/onstar for details of availability, coverage and charges. Terms and conditions apply. **2** The 4G Wi-Fi Hotspot services require account with OnStar Europe Ltd. and nominated network operator. The Wi-Fi trial has a time limit and capped data allowance. Charges apply thereafter. All services subject to mobile network coverage and availability. **3** OnStar will direct a professional breakdown recovery team to your location. If your car is within the Vauxhall New Vehicle Roadside Assistance coverage period, OnStar will connect with the Vauxhall Roadside Assistance service, who will send help free of charge, subject to the coverage of the Vauxhall New Vehicle Roadside Assistance service, the provider of the breakdown recovery service may apply charges for the services provided. **4** Some elements of Smartphone App may not be available for all cars/trim levels. Check vauxhall.co.uk/onstar for service limitations and charges. **5** An OnStar advisor can help you book a hotel room using Booking.com, subject to Booking.com user terms and privacy statement, which can be found on the Booking.com website, and the applicable terms and conditions for your hotel. OnStar assists you in making a booking and is not responsible for the services provided by Booking.com or your hotel. Email address and credit card required. **6** Some elements of Smartphone App and Destination Download data are requirements for the Destination Download service. Check vauxhall.co.uk/onstar for service limitations and charges. **7** Only available for car parks which are listed in Parkopedia. Information about availability applies for the time of contact with OnStar.

YOU'RE WELL CONNECTED.

Nowadays, we're pretty used to having Wi-Fi on tap almost everywhere. So why not your car? And you can use the smartphone app to view the status of some functions, locate your car, and lock or unlock it if needs be.

- **Wi-Fi Hotspot^{1,2}:**
a fast and stable Internet connection enables you and your passengers to work, surf or just stream movies on up to 7 devices – thanks to the powerful OnStar roof antenna.
- **Remote Control^{1,4}:**
if you forgot to lock your car, you can use your smartphone to remotely lock or unlock it, even from afar, thanks to the **My Vauxhall Smartphone App**.
- **Car Locator^{1,4}:**
forgot where you've parked? Pinpoint your car's location on the app. If you are close and still do not see it, just blink the headlights or honk the horn to see where you've parked.

YOU'RE LOOKED AFTER.

Who wouldn't want a personal assistant? At the touch of a button, you'll be connected to an assistant who's at your service – 24 hours a day, 7 days a week.

- **Hotel Booking^{1,5}:**
plans changed? Or too tired to keep driving? Let our advisors take care of your hotel booking en route, powered by Booking.com. Just press the blue Service Button.
- **Destination Download^{1,6}:**
no more address typing! Our advisors assist you in finding an alternative route, a restaurant or a petrol station. They will remotely download the address onto your in-built navigation system, too.
- **Parking Service^{1,7}:**
never search for a car park space again! Using Parkopedia.com, OnStar can find the nearest car park to your destination. That way, before you even get there, you'll already know the availability and parking fee. With destination download⁶, OnStar can send the information direct to your sat nav, making it even easier. How's that for personal service? All without leaving your new ADAM.
