

CITIGO

GENUINE ACCESSORIES

ŠKODA

SUPERSIZING SMALL

For a car renowned for its compactness, the Citigo is undeniably big on agility, practicality and functionality. These key qualities are further increased with the addition of ŠKODA Genuine Accessories, which also enable you to express your personal tastes to the highest standards.

More than that however, they transform the car from an inner city marvel to one perfectly equipped for taking away on a fun-filled family adventure or adrenalin-fuelled sporting trip.

From enhancements that improve child safety and make transporting your luggage easier, to those that add greater design flair and versatility, it goes without saying every accessory has been rigorously tested and is fully compatible with the Citigo.

Although the ŠKODA Citigo is at home on city streets, its capacity is far greater than that. Moreover, with ŠKODA Genuine Accessories, you can impress an individual character on your car and highlight those qualities that matter in your lifestyle. We bring you attractive design features, alloy wheels, items to increase the car's level of convenience and comfort, modern automotive equipment for quality listening and navigation, and safety-related accessories, including child seats.

All the products we offer have been approved by ŠKODA AUTO and their primary characteristics include reliability and long service life.

You can further underline the fresh design of the Citigo with ŠKODA Genuine Accessories. For maximising the expressive appearance of your car, we offer the sport design package (see photos on the left), which you can choose in either of two colour schemes, and a styling kit (see photos on the right). You can also opt for other accessories products, such as door sill spoilers and decorative covers, a roof spoiler, and 14" or 15" alloy wheels.

Light-alloy wheel 5,5J x 15" for 185/55 R15 tyres in silver metallic design

A TEST OF METAL

When it comes to checking the quality of our alloy wheels, we're unapologetically testing. First they have to prove their resistance to corrosion, climatic influences and driving strain. Then the layer of heat-resistant paint is tested over and over for strength and durability.

Auriga 1ST 071 495G FL8
Light-alloy wheel 5,5J x 15" for 185/55 R15 tyres

Smartphone holder
 Designed to complement the Citigo's modern interior, this handy smartphone holder easily attaches to the dashboard. What's more, thanks to its adjustable design you won't have to upgrade the holder when you upgrade your phone. (1ST 051 435B)

COMFORT & UTILITY

There's no denying the Citigo packs an impressive amount into its ingeniously small frame. Of course, sometimes you want to add a few extra personal touches of your own. These accessories enable you to increase the comfort of your passengers, further enhance the practicality of the boot and ensure you can transport your four-legged best friend around the city and beyond in complete safety.

TRANSPORT

While the Citigo's generous interior offers ample space for shopping, luggage and even the odd picnic hamper, when it comes to bikes and skis we recommend adding a little extra storage. These handy accessories ensure you can transport all the equipment you need, with all the ease you'd expect, without compromising on safety or passenger comfort.

Basic roof rack
3-door version (1ST 071 126); 5-door version (1ST 071 126A)

Lockable bicycle rack with aluminium profile
Capacity up to 20 kg. The bicycle holder is the right thing for all ambitious bikers. The carrier consists of an aerodynamically shaped aluminium profile and holder of chrome-plated steel. Easy mounting crossbars allow for easy handling. It weighs around 3.2 kg. (000 071 128E)

Lockable bicycle rack with metal profile (000 071 128D) No photo

Lockable ski or snowboard rack with aluminium profile
Capacity up to 4 pairs of skis or 2 snowboards (000 071 129H)

Lockable ski and snowboard box
ŠKODA Genuine Accessories
Capacity up to 5 pairs of skis or 4 snowboards with a volume of 380 litres.
Successfully passed City Crash Test (5L6 071 175)
Black (5L6 071 175A); Silver (5L6 071 175); White (5L6 071 175B)

**CITY CRASH
TESTED
TECHNOLOGY**

The City Crash is a method of testing genuine accessories products that can be fitted to the vehicle's body.

Any Genuine Accessories that can be fitted to the outside of the Citigo must undergo the City Crash test. This includes subjecting the car to simulated crash conditions at 30km/h, where a rack loaded with transportable items must remain on the car body under a force of approximately 9-12G. After all, the last thing we'd ever want are your bikes or skis hitting anything other than the slopes.

City Crash test by ŠKODA was verified for lockable ski and snowboard box, and for basic roof rack.

SAFETY

We understand that peace of mind on the road comes in many shapes and sizes. That's why we've created this extensive range of accessories. Our child seats make a great long-term investment as they adapt to the ever-changing size of your smallest passengers. For the added safety of other drivers on the road, you'll find our choice of practical features can make a big difference. Finally, to help you protect the beauty of your car we've also designed a range of car care products.
