An undesired Event, caused by error, negligence or failure to observe rules and regulations or an unexpected Event related to road traffic, which causes damage to your Vehicle such to make use of the same in normal conditions impossible, as certified by the SPOTiCAR Service Network.

OTHER ASSISTANCE PROBLEMS

Circumstances arising during the contractual warranty period of the Vehicle that the Customer cannot solve, and that cause immobilisation of the Vehicle: flat 12V lead battery (not due to technical issue), flat or punctured tyre/tyres, and, for BEV (Battery Electric Vehicle) models only, completely flat high-voltage battery. Only Roadside Assistance with Mobile Workshop and/or Recovery to the closest SPOTiCAR Service Network is provided for the Events listed above.

For BEV models only, if the high-voltage battery is completely flat, where possible, roadside assistance is provided through the mobile workshop in certain selected areas and, depending on where the car has broken down,

only to provide emergency charging on site. This emergency charge, carried out for up to 30 (thirty) minutes, allows the Customer to continue the journey to the nearest charging point. Where this mobile workshop service is not available, the Customer will be guaranteed the recovery service to the nearest public charging station, if there is one within a range of 50 km / 31 miles.

Alternatively, within a 50 km / 31 miles radius from the stopping place, the Customer may request to be taken home, provided it is equipped with a charging station. If there is no charging station within a 50 km / 31 miles radius of the Vehicle's location, the Vehicle shall be recovered to the nearest Retailer, (if equipped with charging station) or Roadside Assistance spot (if equipped with charging post).

Charging at public charging stations is at the Customer's expense. The service can be provided up to a maximum of the 3 (three) times per year.

CONDITIONS FOR USING THE SERVICE

SPOTiCAR Assistance Service can be used by the Customer only if the Event occurs during the validity period of the service and providing that the Vehicle has regularly undergone the scheduled service operations indicated and certified in the Quick Guide supplied with the Vehicle (also in the Owner Handbook, if purchased by the Customer).

MOBILE WORKSHOP

If the Vehicle is not in a condition to continue the journey because of a Breakdown, Accident or Other Assistance Problems, the Customer must contact SPOTiCAR Assistance Service, who will send an operator (if possible) to the place where the Vehicle is located to repair it.

If the Vehicle cannot be repaired on the spot, the operator will have the Vehicle recovered to the nearest Vauxhall Retailer / Authorised Repairer.

For BEV models only, the work will be carried out as specified in the 'Other Assistance Problems' section if the high-voltage battery is completely flat.

The Customer will be charged for fuel needed to restart the engine, any spare parts used for the intervention and all other repairs not covered by warranty.

RECOVERY

If, following a Breakdown, Accident or Other Assistance Problems, the Vehicle is damaged and consequently cannot move under its own power, the Customer will be provided with a recovery service, paid for by SPOTiCAR Assistance Service, to recover the Vehicle to the Retailer chosen by the Customer (if the Vehicle has stopped at a maximum of 30 km / 19 miles from the aforementioned Retailer) or to the nearest Vauxhall Retailer / Authorised Repairer.

For BEV models only, the Vehicle shall be recovered to the Retailer chosen by the Customer (if the stop occurs

within 50 km / 31 miles of said Retailer) or to the nearest Vauxhall Retailer / Authorised Repairer.

The Vehicle will be recovered to another site identified by the recovery operator if the nearest Vauxhall Retailer / Authorised Repairer is closed. The Customer is entitled in all cases to ask that the Vehicle be recovered to the nearest Vauxhall Retailer / Authorised Repairer.

For BEV models only, the work will be carried out as specified in the 'Other Assistance Problems' section if the high-voltage battery is completely flat.

If the Vehicle is recovered by a company who is entitled to the service on an exclusive basis, the Customer, if required by the recovery operator, must pay for the service and then request reimbursement.

COURTESY VEHICLE

If the time needed to repair the Vehicle following a Breakdown is longer than 2 hours (as certified by a Vauxhall Retailer / Authorised Repairer on the basis of the manufacturer's flat rate schedule), the Vauxhall Retailer / Authorised Repairer will make a courtesy vehicle available free of charge for a maximum of 4 working days plus non-working days.

The Vauxhall Retailer / Authorised Repairer carrying out the work will supply one of its courtesy vehicles to the Customer for a maximum of 4 working days plus non-working days; if no such cars are available, the Retailer will arrange a hire car.

If a hire car is used, the Customer must respect the terms and conditions of the rental company.

In case of the presence of a child inside the Vehicle, if required by the Customer or foreseen by the law, the provider must proactively propose and assure that child seats are provided with the courtesy vehicle offered to the Customer.

In case of young drivers or additional driver presence, the service will be provided without any additional fee. If the Customer decides to have scheduled and/or routine servicing operations carried out on the Vehicle at the same time as the repairs relating to the Breakdown, the Customer will bear any car hire costs which are incurred because of the increased amount of time that the Vehicle is off the road. For commercial vehicles, a replacement van will be provided wherever possible. For commercial passenger vehicles for private use with more than five passengers on board, where no such suitable cars are available, at the Customer's request and if there is another passenger with a valid licence, the assistance shall provide two cars of a lower category. The service is provided as an alternative to the Return Home or Onward Journey services.

Disabled drivers

If the Customer has a disability, for which the Vehicle has been adapted specifically, he/she/they can make use of an appropriate courtesy vehicle for a maximum of ten days. Should the courtesy vehicle on offer not meet his/her/their needs, a driver will be provided for a maximum of ten days.

TRAVEL EXPENSES

SPOTiCAR Assistance Service is not provided in the case of Vehicle immobility for scheduled servicing operations required by SPOTiCAR, fitting of accessories and repairs consequent to recall campaigns carried out by the manufacturer.

Following a Breakdown or Accident the Customer and any passengers, if authorised by the SPOTiCAR Assistance Service, may use a taxi (or other means of transport) up to a maximum of €120 / £100 per Event, regardless of the number of persons assisted. This amount will later be reimbursed. In order to obtain reimbursement, the Customer must send:

The above amounts will be reimbursed once the documentation listed above has been sent to the address specified directly by the SPOTiCAR Assistance Service Call Centre.

For compensation, the date of the receipt for the taxi (or other means of transport) must be between the date shown on the Vehicle acceptance document (completed by a Vauxhall Retailer / Authorised Repairer) and the date of the Vehicle repair invoice.

RETURN HOME OR ONWARD JOURNEY

If, following a Breakdown or Accident the Vehicle is immobilised more than 100 km / 62 miles from the Customer's place of residence and the Vehicle cannot be repaired within the day in which the Event occurred, SPOTiCAR Assistance Service will organise the return of the Customer and passengers to their home or the continuation of their journey by train (first class), or by bus, or if the distance is greater than 500 km / 312 miles by aeroplane (economy class) and be charged for all expenses. The service is provided as an alternative to the Courtesy Car.

HOTEL ACCOMMODATION

If, following a Breakdown or Accident the Vehicle is immobilised more than 100 km / 62 miles from the Customer's place of residence and the Vehicle cannot be repaired within the day in which the Event occurred, a stay in a local three/four-star hotel will be organised for the Customer and passengers.

SPOTiCAR Assistance Service will pay for board and breakfast, for up to 4 nights and €800 / £680 for a maximum of the same number of permitted passengers stated in the Vehicle's registration document.

For BEV models only, the SPOTiCAR Assistance Service will cover the cost of accommodation and breakfast up to a maximum of 4 nights and €1000 / £850 per Event.

The service is provided as an alternative to the Return Home or Onward Journey services.

For BEV models only, the Customer can request to have the Vehicle recovered to their place of residence.

UNREPAIRED VEHICLE RECOVERY ABROAD

If, following a Breakdown, the Vehicle is immobilised and the time needed to repair it is longer than five days (as certified by the Vauxhall Retailer / Authorised Repairer), SPOTiCAR Assistance Service shall bear every cost for repatriating the unrepaired Vehicle to the Customer's place of residence or to the Vauxhall Retailer / Authorised Repairer nearest to the Customer's place of residence or, alternatively, to the SPOTiCAR Group Retailer from which the Vehicle was purchased. The cost of transportation must not exceed the residual value of the Vehicle.
